April 16, 2019

In accordance with Rule 1.4(b) of the Rules of Practice and Procedure of the California Public Utilities Commission (“Commission”), the Sonoma County Regional Climate Protection Authority submits this motion for Party status in R.13-11-005, the Commission’s Rulemaking Concerning Energy Efficiency Rolling Portfolios, Policies, Programs, Evaluation and Related Issues. The Sonoma County Regional Climate Protection Authority is within the territory of the San Francisco Bay Area Regional Energy Network (BayREN).

The Sonoma County Regional Climate Protection Authority has an interest in the proceeding as it relates to the RENs because BayREN’s programs are offered in our jurisdiction. The questions posed in the Administrative Law Judge’s Ruling Seeking Comment on Future of Regional Energy Networks impact our constituents because the programs are available in our jurisdiction. Becoming a party to this proceeding will allow us to submit comments and respond to questions presented by the assigned Administrative Law Judges, Proposed Decisions, and other filings as they relate to the RENs, as well as other issues that may impact our jurisdiction. Accordingly, the Sonoma County Regional Climate Protection Authority is an interested party in this proceeding.

Granting Party Status to the Sonoma County Regional Climate Protection Authority at this time prejudices no other party and allows the Commission to obtain input from a local government that is within a REN territory.

Respectfully submitted,

/s/ Suzanne Smith

SUZANNE SMITH
Executive Director
Sonoma County Regional Climate Protection
Authority
