PARTE COMMUNICATIONS**

Pursuant to Rule 8.4 of the California Public Utilities Commission's ("Commission") Rules of Practice and Procedure and Public Utilities Code Section 1701.3(h)(2), Cal Energy Development Company, LLC ("CEDC") hereby gives notice of a teleconference with Rachel Peterson, Chief of Staff, and Suzanne Casazza, Senior Legal and Policy Advisor to Commissioner Liane Randolph. The teleconference occurred on April 11, 2019 at 10:30 a.m. and lasted for approximately twenty minutes. CEDC participants by phone included Marty Walicki of CEDC and Anthony Brunello of California Strategies & Advocacy LLC. During the meeting the participants discussed the 2017-18 and 2019-20 Portfolios in the Integrated Resource Plan ("IRP") process, and how they link with the California ISO Transmission Planning Process. In particular, the participants discussed how offshore wind resources could potentially be part of a Commission study in 2019 to eventually become a primary resource used in the IRP process.

Respectfully submitted this 13th day of April, 2019 at Oakland, California.
