**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking to Develop an  
Electricity Integrated Resource Planning  
Framework and to Coordinate and Refine  
Long-Term Procurement Planning  
Requirements Account.

Rulemaking 16-02-007  
(Filed February 11, 2016)

**COMPLIANCE FILING OF 2019 INTEGRATED RESOURCE PLAN OF  
GOLDEN STATE WATER COMPANY, ON BEHALF OF  
ITS BEAR VALLEY ELECTRIC SERVICE DIVISION (U 913 E)**

Pursuant to Rule 1.13 of the Rules of Practice and Procedure of the California Public Utilities Commission, and Administrative Law Judge Julie A. Fitch’s March 15, 2019 e-mail, Golden State Water Company, on behalf of its Bear Valley Electric Service (“BVES” or “Bear Valley”) Division, makes this compliance filing of its 2019 Integrated Resource Plan.

As reflected in Bear Valley’s 2018 Integrated Resource Plan filed in this proceeding on July 31, 2018, it is necessary for Bear Valley to acquire new energy resources in 2019 to replace power purchase agreements (“PPAs”) that have expired, or will expire shortly.

On March 18, 2019, Bear Valley filed with the Commission an application seeking preapproval of certain PPAs and, in accordance with D.17-04-003, attached its 2019 Integrated Resource Plan. The Bear Valley 2019 Integrated Resource Plan is an updated version of its 2018 Integrated Resource Plan previously filed in this proceeding. The 2019 Integrated Resource Plan reflects Bear Valley’s most up-to-date analysis of its energy resource needs, and is intended to supersede its 2018 Integrated Resource Plan.

In response to an inquiry by Bear Valley, Administrative Law Judge Julie A. Fitch directed Bear Valley to file its 2019 Integrated Resource Plan in this proceeding as a compliance filing. Accordingly, Bear Valley's 2019 Integrated Resource Plan is attached hereto.

Respectfully Submitted,

/s/ Keith Switzer
