Motion into the Operations and Practices of

Investigation 18-12-007
(Issued December 14, 2018)

**PACIFIC GAS AND ELECTRIC COMPANY'S
MOTION FOR CLARIFICATION**

Pursuant to Commission Rule of Practice and Procedure 11.1(a), Pacific Gas and Electric Company ("PG&E") respectfully submits this motion for limited clarification of the *Order Instituting Investigation and Order to Show Cause* issued by the California Public Utilities Commission ("Commission") on December 14, 2018 ("OII").

In the OII, the Commission directed PG&E to file a report within ninety (90) days of the issuance of the OII "to identify all reasons of law and fact known to PG&E to support the possibility that the company has committed no violation of law with respect to locate and mark practices."¹ The schedule in the OII also specifies that the report is due within ninety (90) days.² However, Ordering Paragraph 5 specifies that the report is due within sixty (60) days of issuance of the OII. The Ordering Paragraph may be a typographical error, and thus PG&E is seeking clarification in this motion that its report is due within ninety (90) days of issuance of the OII, or March 14, 2019.

PG&E met and conferred with the Safety and Enforcement Division's ("SED") counsel, who indicated that SED does not oppose this motion.

¹ OII at p. 11.

² OII at p. 15.

PG&E requests that the Commission modify Ordering Paragraph 5 to indicate that PG&E's report is due within ninety (90) days.

Respectfully submitted,

By: /s/ Alejandro Vallejo
