**SAFETY AND ENFORCEMENT DIVISION'S
MOTION TO AMEND THE SCOPING MEMO**

Pursuant to Rule 11.1 of the Commission's Rules of Practice and Procedure, Safety and Enforcement Division (SED) files this motion to amend the schedule in this proceeding established by the May 7, 2019 Assigned Commissioner's Scoping Memo and Ruling (Scoping Memo).

The Scoping Memo directs parties to file a status report (or status reports), that summarizes the status of negotiations, and that includes any stipulation that has been reached, on May 28, 2019 by 12:00 noon, and sets a second prehearing conference on May 29, 2019, at 1:30 p.m.¹ SED requests that the date to submit status report (or status reports), and prehearing conference be rescheduled to after June 10, 2019. SED contacted parties in this proceeding to inform them of its request and has received authorization from Pacific Gas & Electric Company, The Utility Reform Network, Office of the Safety Advocate, and Coalition of California Utility Employees to state that each of these parties support this motion. The Office of the Safety Advocate, however, is only available if the prehearing conference is held on June 17 or 18, 2018.

¹ Scoping Memo, p. 8.

To date, parties had one settlement conference on May 2, 2019. Shortly after that settlement conference, and prior to the issuance of the Scoping Memo, parties scheduled a second settlement conference to be held on June 10, 2019. While the May 2, 2019 settlement conference was productive, parties did not intend that conference to result in stipulations. Parties expect that they will continue to make progress during the all-day June 10, 2019 settlement conference.

Because the next settlement conference will be held on June 10, 2019, SED respectfully requests that the schedule for this proceeding be amended so that status report(s) and the second prehearing conference be scheduled after June 10, 2019.

Respectfully submitted,
